

INSTRUCTOR HIRING

Application Guidelines

The Inverness Yacht Club prides itself in recruiting a highly talented group of Instructors including individuals who have been through the IYC Youth Sailing Program as well as those who bring experience from other programs. Each year, the Club seeks to find a group of Instructors that will both complement the goals of the Program and that will fit and work well together as a group.

The Club prefers its Instructors to have taught sailing previously, either at IYC or another Program. Instructors who are offered a position are requested to complete, if they have not already done so, the US Sailing Level One Instructor Certification Course, or an equivalent course, prior to the start of the Summer Program.

Assistant Instructors must be able to show that they have participated as a student in a youth sailing program (either at IYC or another program), or have other significant sailing experience, and that they have shown the leadership skills and interest in working with children. Hiring decisions may be after the deadline for applying to participate as a student in Youth Sailing. Anyone interested in participating in the Program in the instance that they are not selected for an Assistant Instructor position should apply to the Program within the application deadlines.

Any interested applicant may apply by sending an email to the Youth Sailing Committee, at Michelle@thebaacks.com, attaching a cover letter stating why you would like to instruct, a resume reflecting your experience, and references. The deadline by which to submit application materials is October 15th.

Thank you.
